

## Healthcare Agency Management Services

### STANDARD CLIENT OUTCOMES

#### ShiftWise VMS Results:

- Reduced spending on agency staff by 10-15%.
- Simplified and automated staff credentialing process, ensuring state, industry and Joint Commission compliance.
- Improved quality of staff and increase in fill rates with a substantial reduction in management time required.

Whether it's because of high census or high vacancy, there are times when your health system may need to look to outside staffing companies to assist with your staffing process. **ShiftWise VMS automates the entire process of working with staffing agencies through on-line scheduling, credential tracking, time keeping, reporting, secure payments and error free invoicing.**

With ShiftWise VMS in your corner, managing medical staffing agencies becomes less time consuming, more transparent and easier to handle.

- *Fill open shifts instantly with the most qualified, cost effective candidates*
- *Tier shifts distribution to your agencies based upon performance or price*
- *Track documents and credentials without data entry*
- *Pay a single, consolidated invoice for all agency services*
- *Measure healthcare staff performance with on-line evaluations*

ShiftWise VMS allows you to develop and execute a Strategic Staffing Plan while the VMS staffing software automates the everyday aspects of your staffing process.

“From scheduling staff, to maintaining Joint Commission compliance, to finance reporting, ShiftWise has simplified our entire staffing processes, increased our efficiency and reduced our overall cost of operations.”
